Medical Brigade in Potrerillos, Corquín

During the week of July 7-13, the Lexington Church of Christ came to Corquín on a Mission UpReach medical brigade. They served the people of Potrerillos, a community in the municipality of Corquín.

For the last eight months or so, we have been going to Potrerillos every Saturday afternoon to study the Bible with those interested. As mentioned in earlier newsletters, we bring a large number of people from there for each of our meetings and weekly studies. We hope to plant a church in this area and are running out of vehicle space for bringing down all who want to attend.

The medical brigades are a great way to introduce ourselves in a public way. During a brigade we touch around 900-950 people in a community. We pray that the inroads we made during this week will open doors for the gospel in the weeks and months to come. Please pray for open hearts and for God to direct us to those He is calling to Himself.

Palmetto Bible Camp

Kris had the opportunity to travel to South Carolina this month to co-teach a class during "Senior Week" at Palmetto Bible Camp. Cindy Cox and Kris taught a five-day session entitled "Mission: Possible" (His Mission. Should you choose to accept it). They shared how the mission God gave us, "to go into all the world and make disciples," is *possible* and that every Christian is an ambassador of Christ, therefore a missionary, wherever their feet are; in the US or abroad.

Kaylee and her two AIM teammates drove from Arlington, Texas to help with the class. They did a great job and have been invited back for next year. Mason, our son, served as a lifeguard at camp, and Matt and Hannah drove over and visited a couple of days at the beginning and end of the week. And... after camp Kris was able to see our son Michael as well. Her *mama's* heart is full!

Men's Group

It has become a thing now. Every 5th Saturday of the month, the men make a plan and do something different from the normal Saturday evening Bible study. So far, we have grilled out, visited waterfalls, and played soccer. This month, we decided to visit Rio Grande. Yes, it is a river, but not the one by Texas. It's actually about 30 minutes from Corquín. One of our visitors requested that we bring songbooks and sing. This is becoming another favorite activity. So, we sang, grilled, hiked, skipped rocks, swam and threw ourselves off of the short cliffs into the water. These outings really help build relationships in the church between the families from different communities.
